18–19 NOV 2019

1ST BERLINER STADT WALD CONGRESS 2019

PARTICIPANT DOCUMENTS

Forests feel good – TO PEOPLE AND THE CITY
INTRODUCTION

NOT JUST A TRENDING SUBJECT BUT SCIENTIFIC FACT.

Especially in constantly growing conurbations, forest and nature gain an increasing significance for the urban population as a space for recreation and experience and thus serves an important social function. The Berliner Forsten puts the positive effect of the forest on humans at the center of its first Stadt-Wald-Congress.

Forestry and forest science meet urban and public space development, social science and health science, but also politics and economy – as well as national and international high-ranking experts. During two days of the congress we want to debate the effect and the use of the forest for and by people and urban societies in impulse lectures, interviews and with best practice examples. Practical offerings in the field of forest therapy and workshops with renowned experts complete the program of the congress.

Your experience in dealing with forest and nature in or outside of a city are important to us. Have a conversation with our experts about your/ their ideas. Discussion forums provide the perfect atmosphere for a mutual exchange.

Therefore, we cordially invite you to our 1st Berliner StadtWaldCongress.

Greetings from the woody metropolis Berlin

Elmar Lakenberg, Head of Berliner Forsten

ON OUR CONGREASS YOU GET TO KNOW AND DISCUSS

- How the forest effects the health and well-being of the people
- the role the forest and the nature have to play in urban development
- the effects of regeneration in a forest on the different groups of the population
- how offerings in the forest and the public space can work out for each side

YOUR EXTRA

- you receive information about the current state of knowledge of the forest and its effects on the health and well-being of inhabitants of metropole regions
- you are able to develop visions and create the city forest of 2050
- you get to know the News on the subject of Forest Bathing on prescription, as an idea for the future
- you can take part in practical seminars and workshops on Forest Therapy such as Forest Bathing, Health walks and Mindfulness Stress Reduction Training
- you get the chance to network
- you get an insight into the work of the Berliner Forsten and are cordially invited to an evening get-together in one of our Forest offices on the first day of the congress
