

2021 International Forest Therapy Conference

About

2021 International Forest Therapy Conference is a two-day event held by Taiwan Forestry Bureau (TFB) taking place from 20-21 May 2021, with an audience of about 100 at Taiwan Forestry Bureau and above 300 online. Our goal is to bring together national and international forest therapy pioneers to share experiences that foster inspiration and collaboration in forest therapy development locally and globally.
